Video Studio

Basic needs:

- * Camera
- * White/Chalk Board
- * Document camera
- * Video editing software

Editing

Go to videos at www.teachingcenter.ufl.edu

Format

Vectors – Adding Vectors Neither Parallel Nor Perpendicular

- To add two vectors that are neither parallel nor perpendicular, you must break into components, add the parallel components, then add the two resulting perpendicular components.

5 in + 7 in @ 30°

Powerpoint presentation with tutor in separate screen.

Format

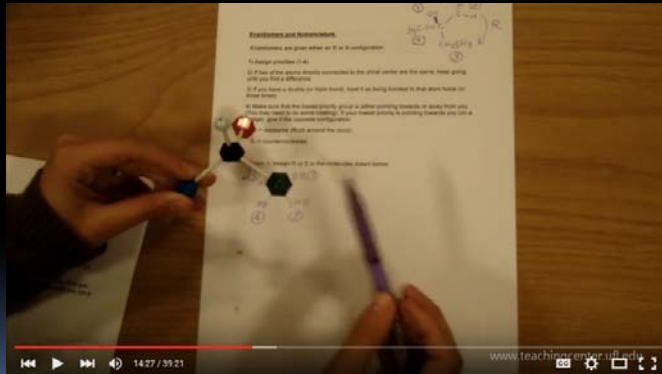

3. Fight Procrastination

- Divide & Conquer
 - Turn big tasks into a series of smaller ones
- Distributed Practice Effect
 - Study in shorter bursts
 - Follow 50/10 rule
- Create a Schedule:
 - Master, Weekly, Daily
 - "Break the Ice"

Video Tips

- Make content compelling, practical and active.
- Moderate comments on YouTube
- Turn off like/dislike option
- Place website link on videos
- Captioning
- Consider 'lightbox' for videos to retain viewers
- Keep intro/outro to a minimum
- Invite others on campus to participate: Academic Advisors, faculty, other tutoring units (writing)

Teaching Center Services

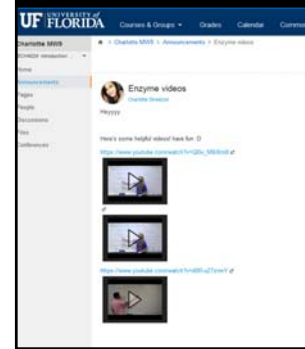

- Tutoring
- Supplemental Instruction
 - High challenge courses
 - ACE
- Study Skills/Learning Strategies
- Testing
- Tutor Training
- TA Development

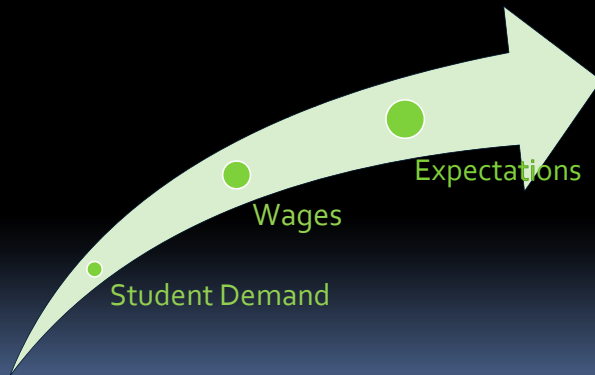

Identifying SI Courses

- Historically difficult
- Heavy amounts of content
- Problems are challenging and modified
- Reputation as tough, not just 'tricky'
- Unpredictable
- Competitive
- Large enrollment
- Same sequence

LMS & Linked Email

Funding Dilemma

A Few Solutions

- Extending hours of your center virtually
 - "Home-grown" Video
 - Other online resources
- Increasing students per tutor ratio
 - SI & ACE
 - Small group appointments
- Increase staffing with minimal cost
 - Volunteers
 - Tutoring for credit and experience

Thanks for your participation!
